New Teaching Facility opens to the Public at Gillespie Golf Course

On **Thursday, June 17, 10 am**, Parks & Recreation will join The First Tee of the Triad and The Joseph M. Bryan Foundation in celebrating the grand opening of Gillespie Golf Course’s new practice facility and driving range.

In 2009, Gillespie GC became a home facility for The First Tee of the Triad golf program, which introduces the sport to those, who otherwise might not have an opportunity to play. “The First Tee promotes character development and life enhancing values that positively impact young people and everyone connected with the program,” says **Terry Jennings**, Head Professional at Gillespie. “With a generous donation from The Joseph M. Bryan Foundation we renovated and expanded the existing driving range, which now includes two large practice areas, hitting mats for use in inclement weather and a state-of-the-art chipping green and sand bunker.”

Local golfers of all ages are excited about the new amenities at Gillespie GC and look forward to the official grand opening on Thursday, June 17, 10 am!
